	0:01	0:53	<p>The Al-Aqsa Martyrs' [Brigades] are an integral part of the Fatah Movement. They were established to defend the Palestinian people at the beginning of the aggression that began - at the beginning of this Intifada - in 2000. I want to remind Professor Shitrit that the Palestinian people had not shot a single bullet at Israel during the first sixty days of this Intifada. Only one Israeli was injured or killed at the beginning of the Intifada while we saw an average of ten Palestinian <i>shuhada</i> [martyrs] going every day. The Palestinian security forces did not shoot a single bullet at the Israeli side until Israel had gone too far in killing and oppressing the Palestinian people during the first sixty days. Therefore, the Al-Aqsa Martyrs' Brigades are an integral part of the Palestinian people and an important part of the Fatah Movement.</p>
